Tanzania Wildlife Experience Safari Day Trip

Tanzania Wildlife Experience Safari to NGORONGORO CRATER

As the animals do not migrate in and out of the Ngorongoro crater, etc to see as many animals as you can expect on the crater floor for just 3 to 4 hours of your visit, the drive from Arusha takes 3 hours and you will spend few minutes at the entrance gate for signing in before you enter the park.

Comprised of forests, savanna, and highland plains, the Ngorongoro Conservation Area covers a nearly 3,200 square miles area in Tanzania. It is a protected area governed by the Tanzania National Parks Authority and one of the UNESCO World Heritage Sites. One of the main attractions of the conservation area is the Ngorongoro Crater; it is the world's largest intact, inactive, and un-flooded volcanic caldera. This crater formed approximately three million years ago after a large volcano exploded and collapsed.

Ngorongoro crater is about 12 miles across and 2,000 feet deep. The Crater floor is about 100 square miles. Unlike smaller craters on top of dormant volcanoes, which also often are tourism destinations, Ngorongoro Crater is home to tens of thousands of large animals and people as well. It is a natural wonder worth visiting and protecting at the same time.

You will drive through the high and steep lanes until you reach the Carter viewpoint where you will stop for the pictures before you drive further to the crater descending road. After descending into the crater you will drive through different vegetation including forest, lake, and hills. The animals you can expect to see inside the crater include Rhino, elephant, lion, leopard, zebra, wildebeest, Jackal, and baboon just to mention a few. The lunch will be served at the hippo pools while enjoying the view of the hippopotamus in Ngoitoktok hippo pond.

ITINERARY:

Day 01: Game Drive Safari

I would be delighted to provide you with a detailed itinerary for your upcoming visit to the Ngorongoro Conservation Authority Area. Our journey will commence at 6:00 am from your hotel or residence in Arusha, following your breakfast meal. We will then embark on an exhilarating drive to the Ngorongoro Crater, with a lunch box in tow.

Upon arrival, we will confidently descend 600m into the breathtaking Ngorongoro Crater for an entire day of game driving. The crater, which is one of the most densely populated wildlife areas in the African region, is home to an estimated 30,000 animals, including Tanzania's last remaining black rhino. The Ngorongoro Conservation area is home to a diverse range of animals, such as herds of wildebeest, zebra, buffalo, eland, warthog, hippo, and giant African elephants. It is a year-round source of water and fodder for these animals.

With our keen senses, we will not miss any of the action as we keep a watchful eye out for the large population of predators that inhabit the area, including lions, hyenas, jackals, cheetahs, and the elusive leopard. We will confidently enjoy a picnic lunch at Ngoitokitoki Swamp, located on the crater floor while taking in the breathtaking scenery.

As the day draws to a close, we will embark on our journey back to Arusha or Moshi, where we will drop you off at your hotel or residence, marking the end of this epic tour.

The Total Cost per Person,

EAC-Tanzanian: Tshs 155,000/= - Non-EAC: \$ 195

**Group Size: From 7 Guests,
Duration: 01 Day (Day Trip)**

- Visas

*Kilimanjaro Trekking: Wildlife Safaris
Zanzibar Holidays: Car hire*

Whatsapp #: +255 655 555 909: Email: info@kuwa-huru.com

observe a variety of wonderful creatures such as lions, giraffes, buffaloes, wildebeests, and zebras. You may also spot various types of antelopes, gazelles, and, with a little luck, even a python! This area is also a haven for bird watchers with over 550 species, including the Masai Ostrich, the world's largest bird.

Halfway through our day trip in Tarangire, we will stop for lunch at our special spot, where we can enjoy great views overlooking the national park. Be careful of any monkeys nearby, as they'll be interested in your lunch too! After lunch, we will continue our game drive safari, trying to spot animals that we might not have seen yet, so we can cross as many animal experiences as possible off our list. At the end of the day, we will prepare for the drive back to Arusha.

The Total Cost per Person,

EAC-Tanzanian: Tshs 135,000/= - Non - EAC: \$ 120

**Group Size: From 7 Guests,
Duration: 01 Day (Day Trip)**

Tanzania Experience Safari to MATERUNI WATERFALLS & COFFEE TOUR

Materuni is a picturesque village located at the base of Mount Kilimanjaro in Northern Tanzania. It is a beautiful place to visit for a holiday, weekend getaway, or van due to its stunning scenery and rich cultural heritage. Visitors can enjoy breathtaking views of Moshi Town and Mount Kilimanjaro from the village, which is surrounded by lush green vegetation and fresh air.

One of the main attractions of Materuni village is the impressive Waterfall, one of the tallest in the area, which cascades crystal clear glacier water into its basin from a height of 70 meters. To reach the waterfall, visitors can take a beautiful path that winds through valleys and hills covered in tropical rainforests, past coffee, banana, and avocado farms, known as "shambas" in Kiswahili.

From 2500 meters above sea level, visitors can take in the panoramic views of Kibo and Moshi town on a clear day. However, the hike to the base of the waterfall can be challenging, and it is recommended to wear hiking boots for safety reasons. Overall, Materuni village and its impressive waterfall offer a unique and unforgettable experience for visitors looking to explore the natural beauty and cultural heritage of Tanzania.

The Total Cost per Person,

EAC-Tanzanian: Tshs 135,000/= - Non - EAC: \$ 70

**Group Size: From 7 Guests,
Duration: 01 Day (Day Trip)**

INCLUSIVE:

- Day trip according to the itinerary
- Transportation from Arusha / Moshi to Materuni
- Professional, English-speaking guide
- Meals according to the itinerary
- Mineral water
- All mentioned activities
- Lunch
- Mbuji Choma & Hot Soup
- Entrance Fee

EXCLUSIVE:

- Flights
- Optional Activities
- Alcoholic and soft drinks
- Visa fees
- Tips
- Personal spending money for souvenirs etc.
- Travel Insurance

Tanzania Wildlife Experience Safari to Serval Wildlife Sanctuary

Day Trip to Serval Wildlife Sanctuary

Are you searching for an unforgettable travel experience? Look no further than the Serval Wildlife Sanctuary in the Siha District of Kilimanjaro, Tanzania. This luxurious ecotourism lodge and wildlife sanctuary offers visitors a unique and sustainable travel experience.

Serval Wildlife Sanctuary is home to a diverse range of animals including African lions, colobus monkeys, Masai giraffes, and bat-eared foxes. Visitors can enjoy a variety of activities at the sanctuary such as game drives, guided walks, and bird watching. The sanctuary also offers educational tours that provide guests with the opportunity to learn about the local flora and fauna, pet the animals and feed them our food, sunset on the mat, Bush breakfast or lunch with animals around you, lion walking, and possibly feeding animals. Furthermore, visitors can learn about the conservation efforts being made to protect these animals.

Serval Wildlife Sanctuary's commitment to sustainability and responsible tourism has earned it a reputation as one of the leading ecotourism destinations in Tanzania. If you're looking for a unique, upscale, and sustainable travel experience in Tanzania, Serval Wildlife Sanctuary is the perfect choice. Explore the stunning natural beauty and diverse wildlife, and support efforts to protect Tanzania's precious ecosystems.

Tour Itinerary

After you finish breakfast, your assigned guide will meet you at your hotel around 9:00 am to take you to the Serval Wildlife Sanctuary. The sanctuary is located in the Siha District of Kilimanjaro, Tanzania, and can be reached by a 1.5-hour drive from Moshi or a 3-hour drive from Arusha. The sanctuary is home to a diverse range of wildlife, including lions, monkeys, giraffes, elands, zebras, and ostriches.

During the tour, you will have the chance to interact with the free-roaming animals inside the sanctuary and discover the ecosystem, which contains over 300 hand-planted endemic flora. The flora benefits the exquisite animals that live in Serval Wildlife, and the tour offers breathtaking views of Mount Meru and Mount Kilimanjaro.

Why Serval Wildlife Sanctuary?

Experience Direct Human-Animal Interactions: At Serval Wildlife, they believe in fostering a deeper connection between humans and animals. Unlike traditional zoos, the sanctuary boasts a unique approach where visitors are invited to engage in direct interactions with the free-roaming inhabitants. Imagine feeding majestic African lions, observing graceful Masai giraffes up close, or even playing with playful blue vervet monkeys—all in the safest manner possible for both animals and humans.

A Diverse Array of Wildlife: From the majestic African lions to the graceful Masai giraffes, Serval Wildlife Sanctuary is home to a diverse array of species native to the African savannas. Marvel at the elegance of colobus monkeys, observe the nocturnal antics of bat-eared foxes and admire the regal presence of elands and ostriches. With every step, you'll be surrounded by the wonders of African wildlife.
